Rules and Regulations

DAVID J. MANOSKY, Owner

LONG DISTANCE RATES and other long distance information will be gladly furnished upon application to the operator.

THE OPERATOR WILL ANSWER YOU AS QUICKLY AS SHE CAN AFTER YOU SIGNAL HER—IT IS UNNECESSARY TO RING HER AGAIN. SOMETIMES AS MANY AS TWENTY PEOPLE WANT TO GIVE HER A NUMBER OR WANT INFORMATION WITHIN A COUPLE OF SECONDS. SHE CANNOT ANSWER EVERYONE ON THE SECOND—BUT YOU CAN FEEL ASSURED THAT SHE WILL ANSWER YOUR SIGNAL AS QUICKLY AS SHE CAN.

It's easy to confuse telephone numbers. If you refer to the telephone directory before making a call, you may save yourself the time and annoyance of calling the wrong number. The operator is very busy and has no time to look up numbers—but if no number is given or if a subscriber has moved, then it is necessary to call by name.

Just being plain "good neighbors" helps a lot in getting the best service from a party line. More party line users are finding if they keep their calls short, leave intervals between calls and hang up gently when the line is in use, others on the line are likely to follow suit. To permit an equitable use of the service on party lines, conversation should be limited to five minutes. But the enforcement of the five minute rule, like many other regulations designed to give good service on party lines to all persons, requires the cooperation of subscribers for best results. If you cannot finish your conversation in five minutes, relinquish the line so your neighbor can use the line if he wishes, then call your party again if you desire to add something to what you had already said.

If someone on a party line does unthinkingly hold the line over the time limit, and you wish to use it immediately for a necessary or business call, ask him to let you use it for your call. You will find that he will gladly cooperate.

Do not listen on the line when other people are talking for they then will not be able to hear each other well. **Do not hold your receiver off the hook while the operator is trying to ring on the line, for the ring will not then come in distinct.** Please do not converse socially with the operator while she is on duty—this slows service.

Try to do all the necessary calling that you can before 10 p. m. on party lines. Late ringing disturbs other subscribers on the line.

Answer your telephone as promptly as you would like others to answer you and wait as long for an answer as you would have others wait for you.

The use of the Company's Lines is limited to communications between parties both of whom are present at the telephone, and employees are prohibited from accepting written or verbal messages for transmission or delivery.

YOUR TELEPHONE IS FOR YOUR OWN USE. IT IS NOT FAIR TO SUBSCRIBERS TO HAVE TO WAIT TO USE A PARTY LINE WHICH A NON-SUBSCRIBER IS USING.

Do not use your telephone in severe lightning storms.

When your telephone is out of order, call the manager from the telephone nearest you; the trouble will then be intelligently inquired into and removed.

If your telephone does not ring clearly and you cannot distinguish

PLEASE CALL BY NUMBER

your ring, answer all rings until the line can be repaired. The operator will ask for the party she wants.

As the Company is responsible for satisfactory telephone service, it cannot permit the use of any equipment or other apparatus in connection with that furnished by it.

Each telephone listed by this exchange as a business phone has one directory listing in bold letters.

Tolls are charged to the phones used and bills will be collected monthly.

One copy of this Directory for each telephone is furnished each year without charge to every subscriber for use until replacement by another issue.

Every effort is being made to prevent directory errors; check your listing and let us know if it is not correct.
