## RULES AND REGULATIONS

1 Look up number before calling, If no number is given, then call by name. Some numbers have been changed.

2 When your telephone is out of order, call up manager or central from Phone nearest you. The trouble will then be intelligently inquired into and removed.

3 The use of profane or obscene language over our wires is strictly forbidden.

4 Your phone is for your own use.

5 Please do all necessary calling on party lines before 10:00 p. m.

6 As the Company is responsible for the quality of the service, it is necessary to prohibit the use of any equipment not furnished by it.

7 To permit an equitable use of the service on party lines, conversations should be limited to five minutes.

8 Long distance rates and other long distance information will be gladly furnished upon application to the operator.

9 Tolls are charged to phone used and bills will be collected monthly.

10 Service charges are due and payable at the Company's office with in the discount period shown on each bill. Accounts unpaid after the expiration of the discount period are over due and service is subject to suspension.

11 DON'T HOLD RECEIVER OFF HOOK WHILE OPERATOR IS TRYING TO RING PARTIES. THIS CAUSES PHONES ON THE LINE NOT TO RING.

12 Don't listen on the line while other people are talking. This is forbidden and spoils the service so parties talking can not hear.

13 One copy of this Directory for each telephone is furnished each year without charge to every subscriber for use until replacement by another issue.

14 Do not use phone in severe lightning storms.

15 Talk directly into and not less than one inch away from transmitter.

16 If you have a desk phone — hold the instrument straight up and down — or your voice will not transmit clearly.

17 This Company does not undertake to receive, transmit or deliver any message, written or verbal, and will not under any circumstances be responsible for such message if received or transmitted by its employees.

18 While it is the aim of this Company to redress any grievances, it is suggested that courtesy is equally commendable, whether practiced by telephone employee or subscriber.

PLEASE CALL BY NUMBER

## THE TIME LIMIT

19 The rules established by this company limiting single conversations on party lines to five minutes is designed for the benefit of all subscribers on party lines. Experience has shown that five minutes is sufficient time to complete the ordinary business or social transaction by telephone.

The company has therefore placed a limit of five minutes on single conversations on party lines but the enforcement of this rule, like many other regulations designed to give good service to all persons, requires the cooperation of subscribers for best results. It is not fair to your neighbor on the line for you to occupy it for long periods when he desires to use it.

It is a simple matter and a polite and neighborly act to relinquish the line after using it a reasonable period, allow your neighbor to have his talk, and then call your party again if you desire to add something to what you have already said.
